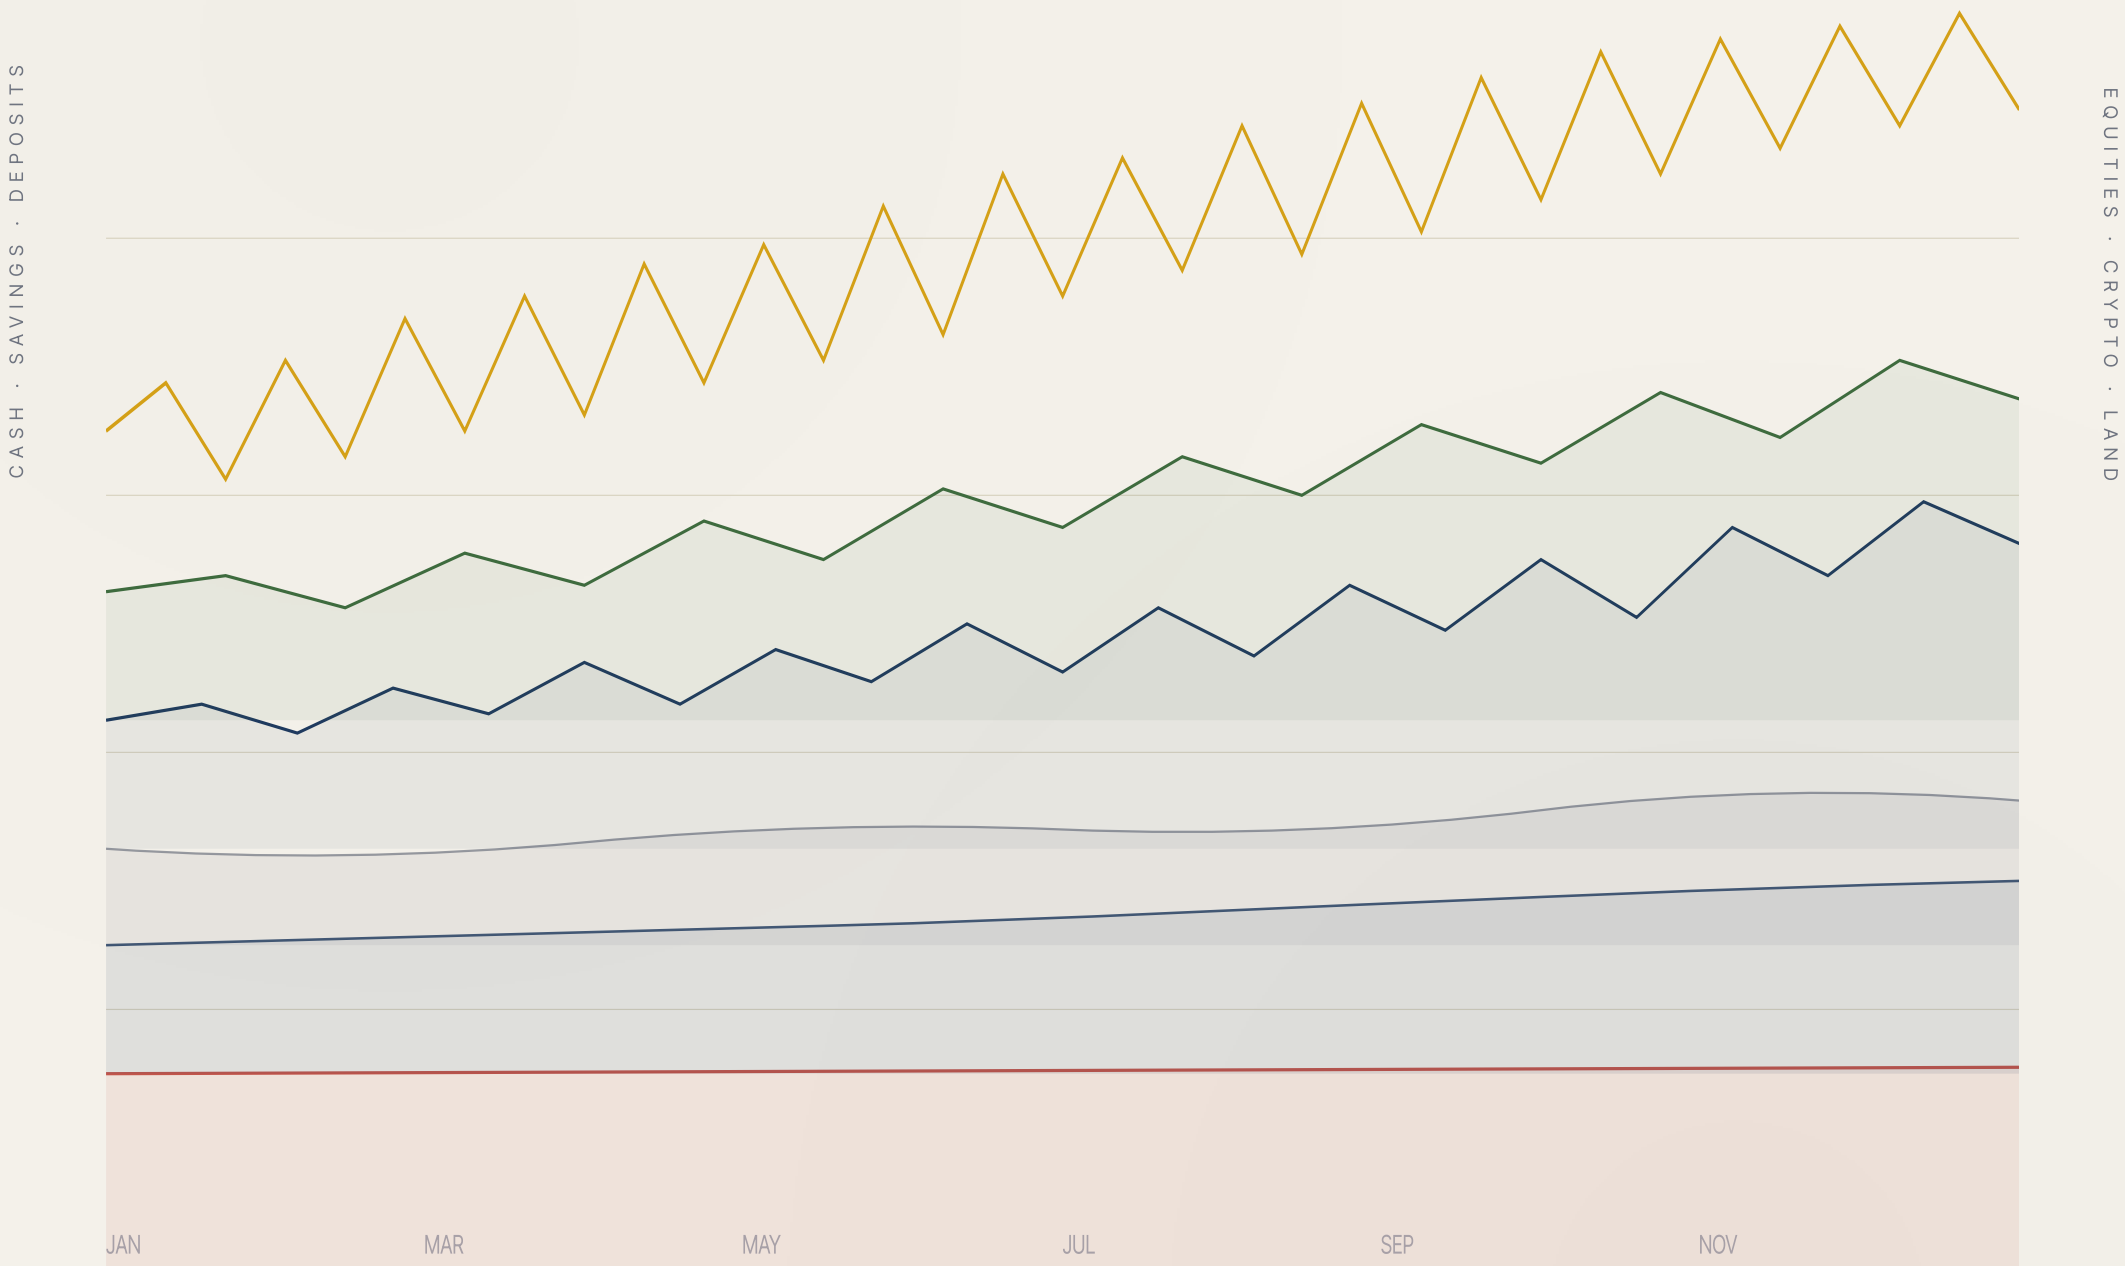
Liquid *Ledger*

A cross-section of one household's capital, rendered as geology. Below: dense slow strata of land and deposit. Above: the shimmer of equities and crypto at the waterline.

TOTAL CAPITAL, OBSERVED

₩ 1,045,800,000 *— in motion*

Figures synthesized for illustration. The ledger treats each value as a current, not a pond.



Composition

Real Estate	₩ 980,000,000
Deposit	₩ 30,000,000
Savings	₩ 12,000,000
